**MOBILITY ASSISTANCE**

Persons with a disability requiring special accommodations while participating in this program may call IFOA at 208-755-8168. If accommodation is not requested in advance, the availability of accommodation onsite cannot be guaranteed. The Idaho Department of Lands and the US Forest Service are Equal Opportunity/Affirmative Action Employers and Educational Institutions. This program is funded in part by the USDA Forest Service.

This year marks the 40th Anniversary of IFOA - helping Idaho's family forest owners grow together! The Idaho Forest Owners Association was formed in 1982 to fight for fair taxation for family forest owners and for their right to practice forestry. IFOA has evolved over the last four decades adding a strong focus on forestry education through the Family Forest Landowners & Managers Conference and the Forest Owners Field Day. IFOA also provides a voice for landowners when input is needed to local, state and national government agencies. Through this advocacy IFOA has built strong positive relationships with many partners including IDL and the USFS. In 2022, IFOA is close to 300 members strong. We will be celebrating IFOA'S 40th anniversary at the Field Day on June 18th so please plan to attend and join in recognizing this milestone for our organization.
